### Purpose of this Privacy Notice

As your child's school, we need to collect and use some information about you. We do this for a number of reasons. This privacy notice tells you what information we collect and use about you and why we use it. It is very important that information about you is kept safe and we explain in this privacy notice how we do this.

If you want to know anything about what we do with information about you then please ask a member of school staff.

We also have a person called the **Trust Data Protection Lead** and an external **Data Protection Officer** (DPO) service. They can answer questions you have about what the school does with your information. Please see the end of this privacy notice for their contact details.

### Policy Statement

During your child's time with us, we will gather and use information relating to you. Information that we hold in relation to individuals is known as their **personal data**. We might also need to continue to hold your personal data for a period of time after your child has left the school. Anything that we do with an individual's personal data is known as **processing**.

Our use of personal data is covered by a set of rules called the General Data Protection Regulation (GDPR). These rules were brought into UK law in the Data Protection Act 2018.

This privacy notice tells you more about:

- The information we collect
- What we use the information for
- How your information is stored and how long we keep it
- What rights you have to the information

We have also included a section about your rights in relation to your children who attend the school. A Privacy Notice for Pupils is available on our website.

### **The legal basis for using this information**

Based on the reason we are using your personal data, our use will be legal due to one of the following:

- Informed consent given by you [GDPR Article 6(1)(a)]  
For example, the use of banking information in our payment service.

Some of the personal data that we collect and use is added to the Educational Record for your child(ren). This record is kept while they attend the school. When they leave the school their record will be transferred to the next school they attend or transferred to the appropriate local authority.

Some personal data is kept for different lengths of time. For example:

- Records of admission to the school are kept permanently. We do this as pupils often ask us to confirm the dates that they attended the school.
- Correspondence about a child's absence is kept for the current year and 2 years afterwards.
- Records of your visits to schools are kept for the current year and 6 years afterwards .

If you would like to know how long we keep a specific piece of personal data, please contact the Trust Data Protection Lead whose details can be found at the end of this privacy notice.

### **Keeping your information safe**

It is very important that only people who need to use your information can see it. The school keeps your information safe by:

- Securing our buildings and checking all visitors.
- Providing staff with lockable draws and cupboards so that information is locked away.
- Disposing of confidential paper documents safely by shredding them.
- Having secure electronic storage of information.
- Reminding staff to ensure that they are not overheard or their monitor is not viewed by anyone not authorised to know or see information about you.

### **Sharing your personal data**

At times we will share your personal data with other organisations and people. We will only do this when we are legally required to do so, when our policies allow us to do so or when you have given your consent.

Examples of people we may share personal data with are:

- Family, associates and representatives of the person whose personal data we are processing who are authorised to receive the data
- The local council
- The Department for Education
- Healthcare, social and welfare organisations
- Police forces and Courts
- Voluntary and charitable organisations
- Our suppliers and service providers

Where we share your personal data with someone who is a supplier or service provider, we have taken steps to ensure that they treat your personal data in a way that meets the requirements of the GDPR.

### **Your rights to your personal data**

You have rights relating to the personal data that we collect and use. Depending on the legal basis on which we are using the information, you have different rights. If we are using your personal data based on your consent, you can withdraw that consent and we will stop using that personal data. Withdrawing your consent will need to be recorded in writing: please contact the Data Protection Lead.

### **The right to be informed**

If you ask us, we must tell you if we are collecting or using your personal data.

If we are collecting or using your personal data, you have the following rights.

### **The right of access to your personal data**

You have the right to view the personal data that we hold about you, to receive a copy of the data and to be given more information about the data including any transfer to countries who do not fall under the requirements of the GDPR.

Some information we hold cannot be accessed in this way. If you ask for information that is not available, there may be other ways of accessing it and we can help you.

To have access to your personal data you can contact the school or the Data Protection Lead whose details can be found at the end of this privacy notice. You may also need to supply us with standard information to verify your identity.

### **Other rights**

You also have rights to ask us to correct inaccurate personal data, to ask us to stop using it or to object to us using it. For some data you may have the right to ask us to erase it or to provide it in an electronic format that you can give to someone else. For some personal data, if we are subjecting it to automated decision making, then you have the right to object to this.

You will be given full details of these rights if you request access to your personal data or you can ask the Data Protection Lead.

### **Access to personal data about your child(ren)**

Where your child is under the age of 12 it is usually assumed that they are not able to make decisions about their personal data. That right is usually given to parents or a guardian. To access the personal data relating to your child you will need to follow the same procedure as you would to access your own personal data.

If your child requests access to their personal data, then we will normally refer that request to you for confirmation before releasing the data.

Once your child reaches the age of 12, in most cases they are assumed to be able to make their own decisions about their personal data. This means that we will not refer any request for access to their own data. Similarly, if you wish to make a request for data about your child we may refer that request to them for confirmation.

It is worth knowing that under the terms of the Data Protection Act (2018) parents do not have an automatic right to access information about their child(ren) through a subject access request.

### **Who to contact**

The school has the responsibility to ensure that your personal data is protected. It is called the **data controller**. All members of staff work for the data controller.

If you have a data protection query, we recommend that you contact the **Data Protection Lead**:

Email address: dpo@tmet.uk

Contact number: 0116 214 3148

Schools are also required to have someone called a **Data Protection Officer or DPO**. The DPO advises the Trust and school about issues to do with data protection, but can also help you, if you have a problem.

Our Data Protection Officer is:

Name of DPO: GDPR Sentry Limited  
email address: support@gdprsentry.com

Contact address: Unit 434 Birch Park, Thorp Arch Estate, Wetherby, West Yorkshire, LS23 7FG

If you have any questions about this privacy notice, please contact the Trust Data Protection Lead or the Data Protection Officer.
